

*Danny Baron*  
Justin Doyle Homes

Danny is the Regional Manager in the Dayton Market for Justin Doyle Homes. He came fresh to the industry in early 2017, and has not looked back. He made the transition to homebuilding following years of consumer market research & innovation consulting. He is thrilled to be growing the Justin Doyle Homes business in the Dayton market!

When it comes to dancing, Danny has been occupying (and dominating) wedding dance floors since age 13. He is an avid “Wobble” instructor. He is a Cupid Shuffle enthusiast. He has been attempting and failing to do the moonwalk since birth... and, in the end, he has zero actual skill.

Danny also participated in the 2017, Cincinnati HBA Dancing with the Stars. To the great joy of the entire Justin Doyle Homes team, he represented well and brought home the coveted second place trophy. The secret sauce behind his success was “winging it at the last minute,” and “cramming in lessons the week of the show”.

His animated boy band effort dancing to the timeless \*NSYNC classic “Bye Bye Bye” earned him positive recognition amongst colleagues, family, and peers. In fact, no one has really looked at him quite the same since that fateful night. The Dancing with the Stars experience really opened Danny’s eyes when it comes to homebuilders having more fun than... well... really anyone else on the planet.

It was an easy choice for Danny to commit to the Dayton ASW Valentine’s Dance. Raising money for a great cause all while proving to the world that he is more than simply a Justin Timberlake wannabe? He was committed before he could blink twice.

Danny is naturally energetic, joyful and entertaining. Outside of work, he enjoys rigorous exercise, competitive sports leagues, hanging with the coolest family & friends, and heavy involvement at Grace Baptist Church in Mason, Ohio. He is in a leadership role with the music ministry at Grace, and if you came to visit on any given Sunday you will find him leading the congregational singing while strumming his favorite acoustic guitar. Danny is thankful that God has blessed him beyond measure — and he is excited for a fun evening supporting an amazing cause!
